SHERIFF'S OFFICE INMATE LABOR PROGRAM ASSISTS CLEAN COMMUNITIES

Monmouth County: The Monmouth County Sheriff's Office Inmate Labor Program was in full operation in Tinton Falls and Freehold Borough during the week of March 30, assisting Monmouth County Clean Communities, whose goal is to reduce litter in public places. For two days, five inmates were transported from the Monmouth County Correctional Institutional to Tinton Falls, where they cleaned up litter along Shafto and Wayside Roads, by the Monmouth County Reclamation Center. One day was spent in Freehold Borough where inmates worked on clearing debris from Center Street. A total of 2,000 pounds of litter and debris were collected and hauled away. The Monmouth County Sheriff's Office Inmate Labor Program offers much needed assistance to towns, and helps lessen financial burdens they face due to budget constraints.

"I'm glad the sheriff's office is able to provide such a valuable resource through our Inmate Labor Program," said Sheriff Shaun Golden. "The use of inmate labor to assist with the cleanup of our communities, work projects and storm damage recovery is a cost savings example of shared services."

Offenders incarcerated for minor offenses with records of good behavior are eligible to be a part of the program. Inmates who enroll in the program participate in work projects as an alternative to spending their time in jail.

Last year, 1,300 hours were dedicated to working on a range of projects through the Inmate Labor Program. The sheriff's office transports and provides the security of the inmate labor crews.

Requests for inmate labor teams are made to the program coordinator, Medora Morris, and are evaluated in terms of the needs and feasibility of the project.

“This program not only helps the towns save money on labor but also assists the work crew in giving back to society,” said Sheriff Golden.

Past inmate labor projects have included cleanup from storm damage recovery, carpentry, painting, working with parks and public works departments and the restoration of historic sites including a Civil War era cemetery.
