Re: Monmouth County Special Needs Registry

Dear Sir,

I want to take the opportunity to express my deepest gratitude on your development of the Monmouth County Special Needs Registry. This insightful program will provide residents of Monmouth County peace of mind knowing that if an emergency occurs at their residence law enforcement will have knowledge of their special needs before they arrive on the scene. Monmouth County is home to over 33,000 veterans many of whom are disabled and elderly. In addition, we have many children with special needs such as autism and other elderly and disabled residents with various physical and mental health challenges that will benefit greatly from the Special Needs Registry.

Thank you for your great effort in the development of this program and know that the Monmouth County Division on Aging, Disabilities and Veterans Services fully supports the Monmouth County Special Needs Registry.

Sincerely,

Sue Moleon, MA
