POAC Autism Services is the largest provider of free Autism education, recreation and life saving programs for the Autism community in the state. As such, we are proud to endorse the Monmouth County Special Needs Registry. The work that has been done on the registry is outstanding and we believe it will become the gold standard for our state.

We will strongly encourage our Monmouth County families to take part in this valuable resource. You have our full support and are here for anything you may need to help implement this program.

In New Jersey 1 in every 41 children is diagnosed with autism
More children will be diagnosed with autism this year than with
AIDS, diabetes & cancer combined.

The work your office has done on this program will make the community safer for all special needs persons, living in Monmouth. Thank you on behalf all the children and adults this will help protect.

Sincerely,

Gary Weitzen
